**ATNP WG1 Request Related to Overall Security Concept**

Presented by Ron Jones

WG1 at its third meeting in Banff, Canada requested WG3 consider specific recommendations related to the Overall Security Concept for CNS/ATM-2 Package and beyond.

**1. Background**

Appendix M to the minutes of the third meeting of ATNP WG1 (attachment 1) included two recommendations that WG3 investigate specific means of providing security mechanism for CNS/ATM-2 package and beyond.

**2. Proposal**

WG3 is invited to review the inputs from WG1 and develop a flimsy providing a WG3 response to the request.
