Proposed Change Pages for
ICAO Doc 9705 Edition 1 / Amendment 1
(Sub-Volume 2)

Prepared by: F. Picard (Sub-Volume II SME)

SUMMARY

The proposed Amendment 1 of Sub-Volume 2 (ATN Air-Ground Applications) ICAO Doc 9705 Edition is produced in softcopy format only (Word Perfect zipped files).

This document is the result of the application of the resolutions agreed by the CCB to fix the problems raised in all RESOLVED PDRs since the publication in August 1998 of the ICAO Document 9705-AN/956.

In addition, it is assumed the following:

1. PROPOSED PDRs presented to CCB-9 in Naples for final resolution and progressed to the status RESOLVED (98120003, 98120006, 98120009, 98120014, 99030003, 99040001 and 99050003) are included in this document.
2. Pending PDR 99010004 tracking the editorial errors is frozen. Proposed changes are included in this document. Additional editorial fixes which will be proposed before the publication of Amendment 1 by ICAO will have to be added.

Table 1 in this WP lists the section numbers of Doc 9705 which have been updated or amended in the context of draft Amendment 1 and the associated PDR which contains the background on the change and the agreed overall solution.
